

Veronica O'Sullivan

Nomination for Vice President, Committee of the Celtic Club

Veronica O'Sullivan.

I am standing because having been on my 1st Committee at The Club in the late 70's & an ongoing relationship since, I want to ensure we don't lose this once in a lifetime opportunity to get our new Club right. I am most ardent about good Governance, Accountability, Transparency, Planning & Communication. We need to re-engage the members & the wider Irish & Celtic Communities to not only have input but offer their expertise and establish a clear Business & Cultural Plan for the new Club before time is against us. We need relevant commercial expertise on the COM at this critical time and we have a talented, vibrant Irish community here in Melbourne that we can tap into. We need to open the doors. The COM must represent its members.

I have a background in Education & Business Management having owned & operated in many industries. I am currently on a number of Boards both Profit & Not for Profit and would bring much commercial expertise to the table along with leadership & management skills.

We have been handed these assets from our forefathers and it's our role to ensure they are there for future generations.
